## SUMMARY

Sophomore at Sri Krishna College of Technology (SKCT) with a fervent drive for creative design roles in the tech industry. Committed to mastering React, SQL, AWS , Java, C++, MongoDB, while leveraging Agile methodologies for efficient project management. Eager to contribute innovative ideas and expertise to future design projects. My collaborative nature, coupled with a passion for problem-solving, ensures effective teamwork and adaptability to technological advancements. Ethical considerations underscore my work, while my project management skills and creativity position me for impactful contributions in IT

## PROJECTS

### Namma Kovai

📅 2023 - 2023

Mini Project

- Mini Project  
I have successfully developed an online renovation portal, and request quotes. Additionally, I have created an online pharmacy booking system, enabling users to schedule appointments, order prescriptions, and receive medications with ease and efficiency.

## CERTIFICATION

### FrontEnd Development

Cousera

### 20+ Certificates

Cousera

### 150+ Problems Solved

Coding Ninjas

## EDUCATION

### Btech-Information Technology

#### Sri Krishna College of Technology

📅 2023 - 2026

- Coursework in Algorithms, Data structure, Artificial intelligence, NLP, Java like Other Programing Languages Learnt.  
Designed Online Renovation management System and various College Mini projects

## SKILLS

Java

C++

AWS

Selenium

React

MongoDb

SQL

Figma

Agile

## ACHIEVEMENTS

### TamilNadu StartUp TN Hackathon-2023

Runner Up

### Anna University-2023

Presentation Winner

### IIT - Bombay Mapathon-2023

Winner

### Smart India Hackathon 2023

College Level Finalist

## EXPERIENCE

### Chief Design Office

**Emergex**

SKCT-Club

### Web Development

**E-Cell , Skct**

📅 2024

### IT-Department

**Avanta Corrdinator**

📅 2024
